Report of Principal and School Improvement Council

Students, parents, faculty, and staff at Summit Parkway Middle School and at the Center for Inquiry, a K-5 magnet program, are proud to create exemplary learning environments. Our schools continue to collaborate with The University of South Carolina by mentoring undergraduate and graduate teaching interns, publishing professional materials, writing grants, conducting research and hosting on-site courses for education majors instructed by USC faculty.

Our campus-wide environmental program has been recognized for four years for its progress towards certification in the Green Steps Program. Middle school student leaders from the Green Steps and Recycling teams were invited to represent Richland School District Two at the SC Recycling Industry Legislation Day luncheon to present this impressive model program.

Important curricular highlights at SPMS this year include the piloting of two Chromebook classrooms. This is in preparation for the 2012-2013 school year where every sixth and seventh grade student will be issued a Chromebook to use at school and at home. The "Get Fit" program certified 142 students in Cardio Pulmonary Resuscitation. [what are iPAC and ITEC...outside the world of education, those acronyms mean nothing to me]IPAC was expanded to the 8th grade and ITEC was fully implemented in all sixth grade social studies classes.

Center for Inquiry (CFI) was recognized by the SC Department of Education with a Palmetto Gold Award for its Report Card rating of excellent and Summit Parkway was awarded a Silver Award for efforts in closing the achievement gap. CFI's inquiry curriculum continues to be a national model, hosting hundreds of visitors each year. This past year, CFI hosted other educators from around the state creating a network of school teams pursuing inquiry-based education in an on-going series that met both at CFI and virtually.

SPMS and CFI are proud that 18 of the middle school and 8 of the elementary faculty currently hold National Board Certification. Additional notable academic achievements this year included: 15 eighth graders named as Junior Scholars; 43 seventh graders qualified for the Duke TIP program; 27 fourth and fifth graders qualified for Duke's MAP program; 6 received TIP Honor Roll; and, 1 student was personally recognized by Duke University in the TIP program.

We are pleased to provide educational excellence for all students,

Mr. Andrew Barbone, Principal
Mrs. Alison Felschow, SIC Chair Summit Parkway Middle School
Dr. Lyn Z. Mueller, Lead Teacher
Mrs. Beck Sullivan, SIC Chair Center for Inquiry

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
